

Global 3000 Service Pack Note

SOP Print to Follow Items

Author	MPH		
Project	ZM60_000160.doc		
Version	1.0		1 of 3

INTRODUCTION

This service pack moves the 'Print to follow items on delivery notes' parameter to a centralised window.

Previously the 'Print to follow items' parameter was located within the Delivery Note Print Options window, since this parameter applies to Acknowledgements, Quotations, Delivery Notes, Invoices and Credit Notes it has been centralised.

This service pack introduces a new option labelled "Operating Options" which has been added to the S.O.P. Parameters menu. When selected a parameter window titled "Operating Options" is displayed. The 'Print to follow items' parameter has been moved from the 'Delivery Note Print Options' window and placed in this new window.

DOCUMENTATION CHANGES

SOP Parameters – Delivery – Delivery Note Print Options Window

The “Print to follow items on delivery notes” prompt is removed from this window.

SOP Parameters Menu

SOP Parameters - Operating Options – To Follow Items Window

This window appears when you select ‘Operating Options’ within the SOP Parameters Menu.

Purpose This parameter is used to control the printing of a column showing the quantity to follow as well as the delivered and ordered quantities. If it is not enabled then only the quantity delivered will be printed. This affects the layout of Acknowledgements, Quotations, Delivery Notes, Invoices and Credit Notes.

The prompts are:

Print to follow items? Set this to print a column showing the quantity to follow as well as the delivered and ordered quantities on Acknowledgements, Quotations, Delivery Notes, Invoices and Credit Notes. If it is not set only the quantity delivered is printed.
