

Global 3000 Enhancement Note

Print Account Title on Journal Batch Proof List

Author	Rick Robinson		
Project	Document1		
Version	1.0		1 of 2

INTRODUCTION

The Journal Batch Proof List has been enhanced to include the account title.

This enhancement updates the report generated by the Journal Batch Proof List so that it includes the GL account's title.

The following change has been made.

The account title is now printed immediately below the account code on the second line printed for each transaction.

DOCUMENTATION CHANGES

None

REPORT LAYOUT CHANGES

The account title is now printed on the second print line (per transaction) directly below the account code, the items currently on the second print line have been shifted to the right to accommodate the new field. The items on the first print line and total lines have been re-aligned.
