Service Pack Note

Stocktake Report - Suppress Recorded Figures

| Author	DCP	
Project	ZI60_000034.doc	
Version	1.0	1 of 2

INTRODUCTION

This service pack provides the ability to print the stocktake report without the recorded quantity and value columns.

A new system parameter has been added to Stock Parameters\Stocktake. The new parameter is titled 'Print recorded quantity and value on stocktake report?'. If this is not set the recorded quantity and recorded value columns will not be printed on the stocktake report.

DOCUMENTATION CHANGES

Stock Parameters – Stocktake Options

Print recorded quantity and value on stocktake report	Set this to include columns for the recorded quantity and recorded value when the stocktake report is printed.
