

# **Global 3000 Service Pack Note**

## **Product Maintenance - TARIC Codes**

<b>Author</b>	DCP		
<b>Project</b>	ZM60_000581.docx		
<b>Version</b>	1.0		1 of 2

## INTRODUCTION

This service pack provides the ability to capture TARIC codes and the country of origin for products for future use.

The changes introduce two new settings within the purchase details section of product maintenance. These allow the TARIC code (TARif Intégré Communautaire) and country of origin to be specified.
