Transaction Desktop - Enquiry Options

Author	DCP	
Project	ZS60_000132.doc	
Version	1.0	1 of 3

INTRODUCTION

The requirement is to provide the ability to perform an account enquiry and enquire upon S.O.P. transactions for the currently selected customer within the S.O.P. Transaction Desktop.

The 'Account Details' window has been updated to include a new button (labelled 'Enquiry') that provides an account enquiry. The 'Enquiry Type Selection' window has been updated to include a new button labelled ('Previous Orders') which provides a S.O.P. transactions enquiry for the currently selected customer.
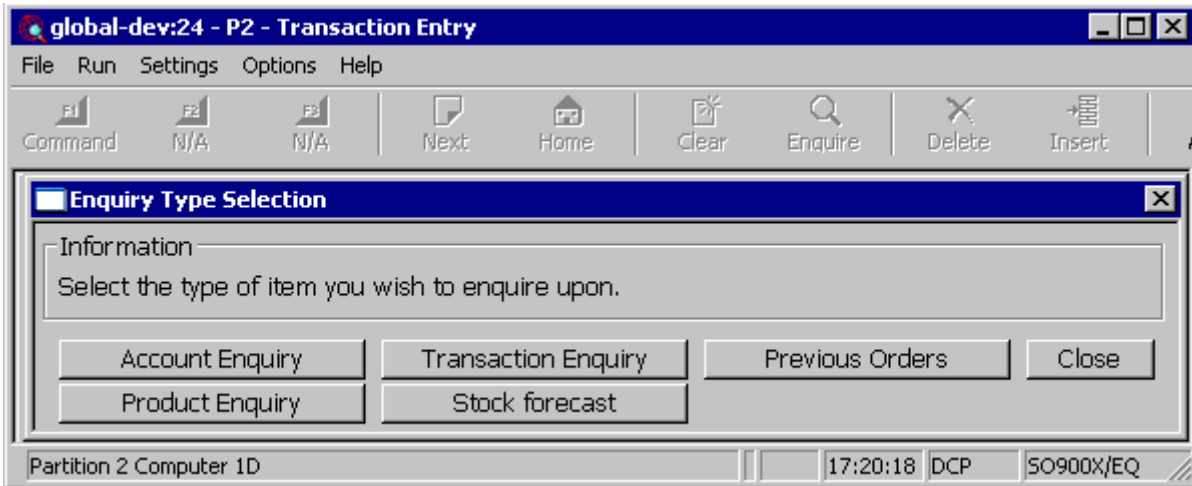

DOCUMENTATION CHANGES
